YELLOW TREASURE

A New Florists' Gladiolus originated by Mrs. Austin and equaling, in its class, the earlier Austin Originations, this being of especial value for design work. In made up pieces such as wreaths or sprays its beautiful ruffled blooms somewhat resemble yellow roses.

The flowers average three to three and one-half inches in diameter, a clear rich yellow, no lines but a flushing of coppery old rose deep in throat and are well placed on a straight pliable spike about three and one-half feet tall. It increases rapidly from divisions and bulblets.

The test report of an expert states:-

"Yellow Treasure gave bloom in 92 days, and spikes were produced in 96, 98, 102 and 113 days all from one corm."

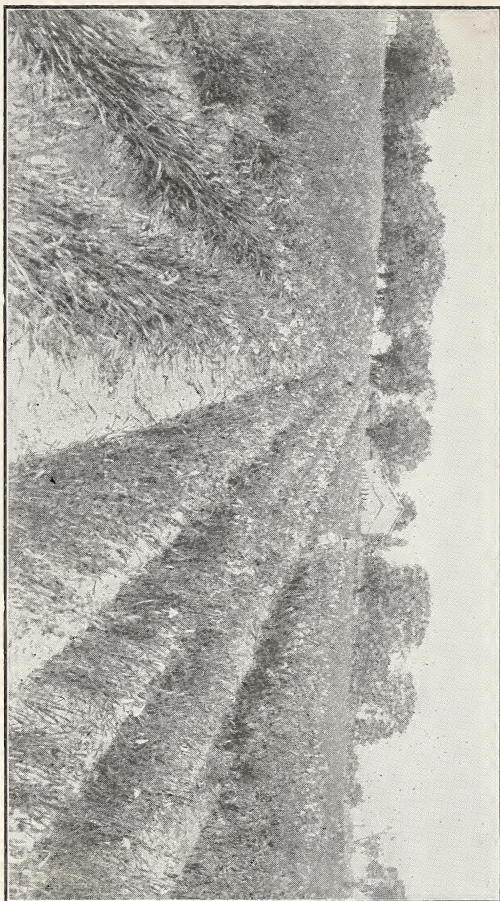

Awarded a First Class Certificate by the American Gladiolus Society in August 1923.

We invite your attention to this variety.
